Collaborating, Sharing, Contributing by Chapter

Tampa, FL (August 28, 2020) – Are you sharing your story. How do you collaborate? What does collaborate mean, anyway? According to Webster’s New World dictionary, the definition of collaborate is: to work together, especially in some literary or scientific undertaking. Literary means: to do with literature or books.

Have you ever thought about sharing your story and becoming an author? It’s hard to know where to start. Put one foot in front of the other and start with a chapter! Bright Spots: Motivation and Inspiration to Light Your Path in a Changing World anthology’s Amazon Bestseller Campaign will launch on October 1, 2020! They are always looking for authors and I became a contributing author recently. Join me?

We live in an ever-changing world and many of us are called to be a calming element when navigating the seemingly turbulent waters of everyday living, working, and loving. If you, too, are someone who happens to be able to see the “silver lining” in dark clouds, I invite you to share your story in this anthology! It is a great way to reach more people with a minimal investment, a unique opportunity to help grow your business, and an unbelievable way to meet 40+ additional like-minded authors! The details of the program and more information can be found here: www.daviscreative.com/bright-spots.
