### Thought Leaders Making a Difference Staying Connected

Tampa, FL (June 27, 2020) – Are you staying connected? At LinktoEXPERT, a Collaborative Cloud Community, our thought leaders, also known as experts, are always thinking of ways to stay connected. Even more so during these challenging times. Consistent encouragement and empowerment of executives and entrepreneurs is what it's all about and they believe that now is the time to think outside of the box. An example of that might be to create joint ventures where you bundle your services and/or products with other complimentary solutions created by people you trust thus creating platforms for success. Things like this will enable new streams of income that will benefit your prospective clients and catapult your business into the future!
