Hi Mitch!

This is cool that you are doing this. I have started forwarding the pitches to all our hosts. Hopefully we can work together on some things!

With 9/11 on Monday, Tony Katz was asking me to see if I could track down Ari Fleischer for an interview about that day. I thought I'd check with you to see if you had any contact information or could help in any way. Thanks so much and looking forward to getting these emails!
